SUMMARY

I am a Full-time & Freelance Full Stack Developer with 24 month experience, capable of slicing designs from UI/UX and integrating them with Back End development. I have been learning programming since August 2021 and previously completed a programming Bootcamp with Eduwork using the MERN Stack (MongoDB, ExpressJs, ReactJS, and NodeJs) for 4 months with several portfolios implemented. I am currently seeking positions as a ReactJs Developer, Frontend, or Backend Developer.

WORK EXPERIENCE

Sagara Technology

Bandung

EDUCATION

SMA AL-AMIN

Garut

IPA

Juni 2019 - juni 2022

SKILLS, INTERESTS, & LANGUAGES

Technical Skills : Html | CSS | SASS | Bootstrap | Tailwind | Chakra UI | Javascript | PHP | Laravel | React JS | Next Js | Redux | Typescript | Node JS | Express JS | SQL | MYSQL | MongoDB | Nest js

Soft Skills : Communication | Team Collaboration | Problem Solving | Adaptability | Time Management Skills | Analytical Problem-Solving | Self-Learning Abilities | Perseverance | Stress Managemen

Interests: Frontend Developer, Backend Developer, Fullstack Developer

Language :Indonesia (Proficient), English.

Portofolio

HRIS APP

Details : Website API for management database company like attendance, shifting, employee & other
Tools : Nest JS, Typescript, MYSQL
Highlight Features : Log activity, Track attendance location, Report data, Multi role & Api google integration
Link : https://github.com/fadhilrachman/hris_backend

Learning Management System

Details : Web for online content management or online content delivery platform
Tools : Next JS, Typescript, Prisma, Next UI
Link : <https://github.com/fadhilrachman/lms-porto>
Highlight Features : Payment gateway, Management content with Drag, 2 User role & Drop

Web Donation

Details : Online platforms to receive donations, used by charity, community, or individual organizations
Tools : Next JS, Express JS, Typescript, MYSQL, Midtrans
Highlight Features : Payment Gateway
Link : <https://github.com/fadhilrachman/sijum>
Link : https://github.com/fadhilrachman/backend_sijum

Web Recruitment

Details : website that brings together job applicants and employers
Tools : Next JS, Tailwind, Redux, Node JS, Express JS, Typescript, MongoDB
Link : https://github.com/fadhilrachman/web_recruitment
